PROJECT NAME: Coyote Crest Wind Park - Pe Ell North LLC - Special Use Permit and Variance request

FILE NUMBERS: SUP09-0002, SEP10-0003, VAR09-0001, SEP09-0029, CL09-00364

PROPOSAL: Pe Ell North LLC under the Coyote Crest Wind Park project proposes to install 47 individual wind turbines that will vary in tower height from 262 to 328 feet. The electrical power generated by these wind turbines will be collected by a project power cable system that delivers the electrical energy to an on-site substation and transferred to 115 KV for delivery to the regional power grid. The proposal includes a request for a height variance for two turbine towers (turbine number 33 and 43). The proposal will comply with Lewis Co. Codes including zoning, building, fire and stormwater.

LOCATION: The project site is located in western Lewis County, north of the community of Doty, Washington. A small portion of the Project area will be located in eastern Pacific County, Washington. The transmission lines for the project will extend northward to Cedarville Substation in Grays Harbor where it will interconnect with Grays Harbor PUD and the BPA transmission system. The facilities located in T 15N, R6W Sections 24 and 25; T 15N, R5W. Sections 29, 30, 31 and 32; T 14N, R 5W, Sections 5, 6, 8, 9, 16, 17, 18, 20, and 27. The transmission line will be located in T 15 N, R 5W, Sections 20, 21 and 30.

The site is located in the zoning district Forest.
